Henderson Engineers, Inc. (HEI) is pleased to make the following announcements:

Dustin Schafer has been promoted to Vice President. Schafer is a registered Professional Engineer and LEED Accredited Professional with a B.S. in Architectural Engineering from Kansas State University. With over 12 years of experience, he will serve as Principal-in-Charge of the commissioning and sustainable conceptual design teams.

Kevin Lewis has been promoted to Vice President. Lewis is a registered Professional Engineer and LEED Accredited Professional with a B.S. in Mechanical Engineering from Kansas State University and an MBA in Finance from The University of Missouri-Kansas City. With over 11 years of experience, he has been involved in the design of numerous sports facilities and high-end retail establishments.

Tiffany Arnold has been promoted to Associate. Arnold received an undergraduate degree in Marketing from Kansas State University and a Juris Doctor from Loyola University-Chicago. She has been with HEI since 2009 and serves as a corporate legal counsel and risk management specialist, creating and reviewing HEI's contracts.

Mark Maurer has been promoted to Associate. Maurer is a registered Professional Engineer with a B.S. in Electrical Engineering from the University of Kansas. With over 31 years of experience in electrical construction, engineering, and security system design for government, correctional, educational and sports facilities, he serves as a Senior Technology Specialist for HEI's specialty division, Collective Tech.

Carl Holden has been promoted to Associate. Holden is a registered Professional Engineer and LEED Accredited Professional with a B.S. in Mechanical Engineering. With over eight years of experience, he has served as project manager or mechanical engineer for a variety of HEI's education, sustainable, healthcare, retail and government projects.

Dallas

Brian Olliges has been promoted to Associate. Olliges is a registered Professional Engineer and LEED Accredited Professional with a B.S. in Architectural Engineering from the University of Kansas. He has 10 years of experience as a project manager and electrical engineer for several of HEI's retail clients.
